# REVIEWS

"All the kids had a brilliant time and a lot of fun was had on the course!

Jodie was amazing – she really looked after us, enabling us to order hot drinks for the adults and even popped up to check everyone had their coats when it started raining. The kids all enjoyed the food and we really appreciated the extra bits supplied like glue dots and blue tack for decorations, plus the knife and lighter for the cake"

"I've already left a 5\* review on Facebook recommending your party packages as we had the best time and the customer service we received was some of the best we've ever had. The party was fantastic and in my opinion great value for money. I would highly recommend you to any of my friends. Many Thanks for making my 9 year olds party an experience he will remember forever"

"The kids and grown ups really enjoyed the golf, overall it was just a perfect night so again thank you very much, would most certainly recommend"
